Each area has an incredible mix of cultural and outdoor activities to choose from, and all of them can also be visited during a three-day hiking marathon around Ivančna Gorica's Loop Path, which you can hike, run, cycle or tour with a caravan or car with the whole family.

JASNA LAKE

The picturesque Jasna Lake lies at the confluence of the mountain streams Mala and Velika Pišnica. It is one of the most recognizable and popular sights of Kranjska Gora. The lake boasts magnificent back-drop scenery of two striking mountains, Razor and Prisank, so a stroll around the lake is a true bliss for the eyes and a heaven for photographers. The lake is a fly-fishing paradise, swimming is reserved for the brave, as even in summer, the water is quite cold. You can, however, sunbathe on the wooden piers by the lake, refresh yourself at the local restaurant, paddle a SUP, rest on deck chairs and climb the six-metre high viewing platform to enjoy the view of the Julian Alps.
